

Support. Community. Resources.

We are invested in your success!

A new Student Hub is forming on campus. The Student Development Hub will offer a variety of resources and developmental support through meaningful connections within our global Adlerian community. A new website is under construction and will be up and running soon.

HubVoices: Let's Connect

While we work to bring you services through the Hub, we are launching the first **HubVoices Town Hall**. We will connect as an Adlerian community to discuss the impact of the murder of George Floyd, a Black man, tragically killed by a Minneapolis police officer and in full view of the public on May 25, 2020. We also want to discuss how we as counselors and counselors-in-training use our voices, skills, and community standing to commit to long-term, everyday social justice and advocacy work. All are welcome to share, to pose questions, and to move us to act against systemic racism in policies, procedures, and practices that devalue the lives and communities of Black people.

Tuesday, June 2nd

Time: 4PM-6PM

Hosts:

Dr. Antwan Player & Doug Pelcak

ZOOM MEETING ROOM:
